

IntraFish Digital Events Planner 2021

MONTH		EVENT DATE
January	IntraFish Digital Forum Series - Seafood Outlook Forum 2021: Rough waters, or smooth sailing? Seafood suppliers, buyers and analysts will come together to forecast where the industry is headed in the year to come, from retail and foodservice trends to supply forecasts. Our experts will bring valuable insights to help the sector navigate new challenges and seize new opportunities. It's a must-attend for any companies looking for an edge heading into the new year.	26 January
February	IntraFish Digital Forum Series - Sustainable Shrimp Shrimp Forum: Supply, sustainability and consolidation Industry experts debate and discuss the future for farmed shrimp, with insight into supply, demand, consolidation and sustainability. Globally, shrimp is one of the most valuable traded species by volume, representing \$32 billion in annual trade. We gather market leaders to discuss the latest developments transforming industry, and what the future of the critical sector will look like in the coming years.	23 February
April	IntraFish Digital Forum Series - Aquaculture Innovation Forum Aquaculture Innovation Forum: The Future of the Blue Revolution This blockbuster two-day event, will give you a glimpse into the future of fish farming, with leading experts from established companies, emerging start-ups and the investors driving the growth. Our speakers and panelists will discuss how the industry is embracing innovation through new tech, culture, digitalization and people -- and what it needs to do to meet the challenges of the coming decades.	20th & 21 April

November	IntraFish Digital Forum Series - Asia Seafood Forum	Date TBA November

"It was the most fun and informative panel I've been a part of since the pandemic and definitely on my top list of panels in general. I was taken by surprise that a panel could have that much energy in these days of full on zoom fatigue. Also really exciting that this investment space is heating up the way it is."

Amy Novogratz

Co-founder and Managing Partner, Aqua-Spark

"It was a very exciting Seafood Investor Forum and we are grateful to have been part of it. Should further events take place, we would be happy to be there again."

Marco Berweger
